PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 2nd September 1912.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Review No. 4 of 1911-12.

Petitioners.

1. Nanjundappa, and
2. Subrayappa of Dodbanahalli village, Hoskote Taluk.

Subject.

Application dated 3rd October 1911, praying for the reconsideration of Government Order No. R. 104-12—L. R. 53-10-4, dated 7th July 1910, rejecting their claim to the shanbhogi of Dodbanahalli village, Hoskote Taluk, as being time-barred.

The case came on for hearing on the 13th August 1912, when both the petitioners were present.

Order.

The father of the petitioners is said to have died in 1891 and the petition claiming the office was presented to the Amildar only in 1906. The contention of the second petitioner is that he was appointed gumasta for the office in 1902 within 12 years of this date. This, however, cannot serve to extend the period of limitation against him. Even, if the petitioner's contention that time runs from the date of the father's death is conceded, the claim is barred.

The petition is, therefore, dismissed.

No. R. 1322—L. R. 234-11-4, DATED BANGALORE, 2ND SEPTEMBER 1912.

Copy of the above is forwarded to the Revenue Commissioner in Mysore for information, together with the records received with his letter No. 10140, dated 7th March 1912.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. (P. W.) 564-7—4025-8, dated the 18th May 1912, passing orders on the question of the proper maintenance of the Sulekere tank and its channels in Channagiri Taluk.

READ AGAIN—

Demi-official letter No. 45, dated the 28th April 1911, from the Deputy Commissioner, Shimoga District, enclosing a memorandum suggesting measures, economic and administrative, necessary to develop the latent resources of the tract commanded by the Sulekere tank.

D. O. No. 45, dated the 28th April 1911, from the Deputy Commissioner, Shimoga District, to the Dewan of Mysore, Bangalore :—

As desired by you, in your D. O. No. 2203, dated 19th April 1911, I sent for Mr. N. Rama Rao and we both carefully studied the Public Works Department Secretary's note containing proposals for the improvement of the Sulekere tank channels.

2. When I met the Public Works Department Secretary at Sulekere on the 11th February last, I placed in his hands a note in which I attempted to take stock of present conditions in the Sulekere tract and to suggest measures, economic and administrative, for developing its latent resources. I beg to enclose a copy for kind reference. My note is in fact a formulation of the ideas which Mr. N. Rama Rao outlined when you had a talk with him in the train on your way back from Shimoga.

3. My note contains eight proposals, all equally important, of which two relate to the restoration and maintenance of channels. The other proposals are intended to remove certain obstacles in the way of enterprise, and the limitations imposed by disadvantages of situation and climate, and the lack of labour and capital. The Public Works Department Secretary has not touched on this part of the scheme, as probably a discussion of economic and administrative questions falls outside the scope of a technical note; but the points raised by me seem to be no less essential to a satisfactory solution of the Sulekere problem than the improvement and maintenance of channels. The present situation seems to be not so solely due to troubles connected with irrigation as to be entirely remediable by attention bestowed in that single direction.

4. I cannot, of course, presume to give an opinion on the technical part of the Public Works Department Secretary's note. It is believed that the special repairs estimated to cost Rs. 5,000 include complete restoration of the channels; for, as the Public Works Department Secretary remarks thoroughness is the most economical course in the long run. It would perhaps be best to take up the *woddus* and *subsidiary channels* also, as they are part and parcel of the same system.

5. It is true that some half a dozen cultivators, including Mr. Shamaiengar, expressed their willingness to pay an acreage-cess of Re. 0-8-0 towards maintenance charges, but it is doubtful whether much reliance can be placed on any assurance short of a formal *mutchalika* from all cultivators affected by the proposed levy.

6. The proposal to constitute a *Panchayet* and invest it with the control and supervision of distribution and maintenance is certainly very attractive, and quite in line with the trend of recent policy. Mr. N. Rama Rao and myself are heartily in agreement with it, and will spare no effort or co-operation to make the scheme a success. It would perhaps be best to nominate all the members, as election would necessitate the promulgation of rules, about voting and candidature, to suit a fluctuating and indeterminate electorate consisting of the holders of irrigated lands in a number of villages comprised in the Sulekere valley.

MEMORANDUM.

General.—The condition of the Sulekere system of irrigation has been investigated by the Executive Engineer from a professional point of view, and I need only say I concur with him in regard to the necessity for the adoption of early remedial measures. It is probable that a large amount will have to be spent at the outset in overcoming the effects of past cumulative neglect, and the annual maintenance will have to be taken over and regularly executed by the Public Works Department. The apportionment of this expenditure will have to be decided by Government on a consideration of all the circumstances of the case. It would have to be determined how far the present deplorable condition of the channels is due to faulty construction of sluices and bidigundis, and how far to neglect of maintenance. It is clear from the correspondence on the subject that raiyats repudiated their responsibility for upkeep of the channels and that the Public Works Department undertook to carry out the necessary works, debiting the cost to the civil department for ultimate recovery from the cultivators. This would raise the question whether now the Public Works Department can wholly abnegate their responsibility for the neglected condition of the channels.

2. After merely indicating the questions involved in the restoration and upkeep of the channels, I shall proceed to a consideration of the agricultural conditions of the tract irrigated by the Sulekere.

3. *Total assessed irrigated area.*—The total assessed area under the tank channels is noted below:—

1. Baavan	...	...	...	923—3
2. Sidden	...	...	...	1,779—25
3. Tyavanage	.	...	...	551—10
4. Belalgere	...	...	...	298—9
5. Katalgere	...	...	...	339—37
6 Kariganur	...	...	...	214—26½
		Total	...	4,106—30

4. *Distribution of assessed irrigable area.*—Of this area only 3,418 acres are under cultivation and 697·30 acres are lying waste for want of cultivators. An extent of 2,812 acres, 30 guntas, of which 574 acres, 18 guntas are assessed has been reserved by the Excise Department.

5. *Land available for cultivation.*—It will be seen from the above figures that of the area which can be irrigated by the tank, less than a half, is under cultivation, and that at least a half is lying waste and unexploited.

6. *Capacity of tank for irrigation.*—The tank is calculated to impound 11,994 units of water, and bad seasons apart, there can be no question about its capacities for irrigation, though the frequency of bad seasons seems to indicate the need of investigation into the question how far the original catchment has been diminished by the construction of the tanks above the Sulekere.

7. *Scope of the present note.*—This note is an attempt to investigate into the causes of this deplorable state of things, with a view to the suggestion of remedial measures.

8. *The Sulekere tract.*—The Sulekere tract comprises altogether 26 villages, of which 13 are either bechirakh or thinly populated. The lands of these villages are cultivated by raiyats from the adjoining villages. It may be laid down generally without danger of serious error that the entire tract is dependent for cultivating capital and labour on the resources of the thirteen more important villages.

9. The Sulekere tract has long enjoyed the unenviable reputation of being extremely unhealthy, and the raiyats of the locality have never been known to be possessed of overmuch capital and resources.

10. *Present state of agriculture.*—The result has been that large tracts of valuable land are lying *banjar* for want of occupants, and that even those lands which are actually occupied have been taken up in lots too extensive for effective cultivation. What I mean is that the raiyat takes up more land than he can cultivate to advantage with his limited equipment, and the result is that even such land as is actually occupied is cultivated too thinly, and the produce barely suffices to meet the land revenue, and the costs of cultivation and livelihood. That this is no exaggeration is proved partly by the inelasticity of the demand for land, and partly by the frequency of infructionary sales. It cannot be said, therefore, that the capacities for production even of the land cultivated, have been fully developed or exploited.

11. *Causes.*—(i) *Inaccessibility.*

It must also be noted that a good many stretches of valuable land are inaccessible for want of penabus, and that large areas are swamped and water logged by the want of defined channel to the moola nala or original stream. A few likely tracts are almost compassed round about by the moola nala, and would be rendered quite fit for cultivation by a diversion effectable at trifling cost.

(ii) *Reservation for date groves.*—Much valuable land has besides been set apart as date reserve. I believe it is a recognised principle that where the interests of agriculture and Excise revenue conflict, the former must prevail. Some of the date reserves are most admirably adapted by their situation, for agriculture, but are altogether lost as an agricultural asset by reservation.

(iii) *Insufficient supply of water and division into too extensive survey numbers.*—In some localities notably at Arehalli, where almost three-fourth of the wet lands lie unoccupied, the mistake seems to lie in the fact that the lands classed as wet have too precarious a supply of water, and have been divided into survey numbers too extensive for the

Land Revenue, dated 3rd September 1912.

resources of the average raiyat. In some of these villages, raiyats express their willingness to take up the lands if given as dry lands. While all the dry lands have been taken up, it is remarkable that the wet lands are left severely alone, and that in a mixed number, the wet portion acts as a drag on the eligibility of the whole.

12. The various points enumerated above will appear clearly from a glance at the accompanying village maps, in which the dry *banjar* is coloured red, wet banjar blue, and kharab black. Where an assessed land is reserved as date grove, the fact is indicated by the letters D. R.

13. It must be added that the present village sites are mostly unhealthy, and that the whole tract has such a bad reputation for insalubrity that no settlers come forward despite the fertility of the lands available for agriculture. In fact the future value of this land depends upon attraction to it of capital and population from without, and the success achieved of any measure for improvement will be more or less proportionate to the encouragement it offers to enterprising agriculturists.

14. It seems to me that the Sulekere problem will only be solved by bold and large hearted measures in the following directions :—

(i) The channels will have to be brought up to standard once for all.

(ii) The work of annual maintenance will have to be reduced to a system. It will be best for Government to undertake entire responsibility for the proper maintenance. The question of assessing the cost as a cess on the irrigated area will have to be decided on taking into consideration the desirability of encouraging cultivation in this sparsely peopled locality and the probable results of adding an additional cess to an already heavily assessed area.

(iii) The irrigated banjar lands will have to be rendered more accessible by the construction of panabus and the diversion of water courses. This is the more important in that raiyats have to come from villages far distant from their fields.

(iv) *Alave*.—Terms will have to be liberally offered in the case of lands requiring special efforts or large outlay to be brought under cultivation.

(v) It is most important that new village sites should be selected in healthy localities, these sites should be connected by panabus with the cultivable lands. Special concessions, similar to those shown to settlers in Balur and Hosur villages of the Kagalibore Kaval in Yedatore Taluk, will have to be held out to induce people to build in the new sites.

(vi) In Arehalli and other villages where lands classed as wet are too large in extent and have too precarious a supply of water, it would be necessary to give the lands out on temporary dry assessment, subject to the payment of wet rate, when water is made use of, or is rendered so easily available that, but for the neglect of the raiyat, it could be used. The survey numbers should also be permitted to be freely subdivided, if required by the raiyat.

(vii) Some of the very best and most conveniently situated lands have been set apart as date reserves, or kharab date groves. These kharabs and reserves may be subdivided and thrown open for cultivation whenever possible.

(viii) Last, but not least, a hospital must be opened in some central village in the Sulekere tract either Sulekere or Hosahalli would be convenient.

15. These measures, if carried out with the hearty co-operation of local officers and public spirited persons, would develop the agricultural resources of this fertile tract by attracting capital and population.

There would probably be no difficulty in finding settlers.

No. R. 1329-32—L. R. 223-12-2, DATED BANGALORE, 3RD SEPTEMBER 1912.

ORDER THEREON.—In the demi-official letter quoted in the preamble, the Deputy Commissioner has expressed his opinion that, besides the two proposals relating to the restoration and maintenance of the tank dealt with in the proceedings referred to above, there are six other measures which require attention, for they affect the agricultural resources of the tract which need to be developed.

2. The six points urged by the Deputy Commissioner, on which the orders of Government are required, may be summarised as follows :—

(1) Accessibility to irrigated *banjar* lands by the construction of *panabus* or culverts and the diversion of watercourses, wherever necessary.

(2) Desirability of granting lands on *alave* or progressive terms.

(3) Selection of new village sites.

(4) Reclassification of wet lands in Arehalli and other villages.

(5) Reclaiming for cultivation a portion of the land set apart as date reserve.

(6) Opening a hospital in the Sulekere tract either in Sulekere or Hosahalli.

3. These points seem worthy of consideration.

The Revenue Commissioner is requested to formulate proposals in regard to points (1) to (4) noted above.

The Excise Commissioner is requested to state to what extent the land set apart as date reserve could be made available for cultivation.

The opinion and recommendations of the Senior Surgeon are invited on the Deputy Commissioner's proposals in regard to the opening of a Hospital in the tract.

4. The Officers concerned are requested to be so good as to submit their reports before the 30th November next.

1. Correspondence ending with letter No. 5210, dated 17th November 1909, from the Revenue Commissioner in Mysore on the subject of an additional clerk on Rs. 25 per mensem required for the English department of the Deputy Commissioner's office, Chitaldrug District.

2. Correspondence ending with letter No. 7203, dated the 20th January 1910, from the same officer, regarding the application of the Deputy Commissioner, Mysore District, for two additional hands for the English department of his office.

3 Letters No. 4068-826, dated the 12th February 1910, and No. 4409-896, dated the 28th February 1910, from the Comptroller to Government, returning after verification the proposition statements in respect of the additional establishments applied for by the Revenue Commissioner in the correspondence read above.

NO. R. 7137-46—L. R. 217-09-5, DATED BANGALORE, 21ST APRIL 1910.

ORDER THEREON.—The present scale of establishment in the Deputy Commissioners' offices is substantially the same in all the districts as that sanctioned in Government Order No. 11906-A—Mis. F. 35-96, dated the 30th April 1897, by which a thorough revision of District and Taluk establishments was effected and they were brought to the requisite standard. The pay and the number of officials in each department in the Deputy Commissioner's office were fixed, however, mainly with reference to the original divisions of work in that office, but these divisions seem to be no longer suitable under the present altered conditions. The English department of the Deputy Commissioner's office, which consists of a Head Clerk, a Deputy Clerk, and three other clerks in most districts has lost much of its importance, as under the present rules regarding educational and other qualifications it is possible for the Deputy Commissioner's office to have all officials other than menials with a fair knowledge of English. Each section is therefore able to carry on its correspondence in English and the so-called English department can have very little work besides the preparation of fair copies and despatch of letters. The increase of powers of Revenue Sub-Division officers and the recent improvements of their establishments must have also to some extent simplified work in the Deputy Commissioner's office. Government therefore feel doubtful of the necessity of maintaining the English department at its present strength as a separate division with such a highly-paid official as the Head Clerk at its head. Even if it may not be possible to effect some saving in the total cost by doing away with any hands, there ought not to be any difficulty in any Deputy Commissioner's office to provide for the increase of work, which is stated to have taken place everywhere, by a redistribution of work and of officials and by splitting up, if necessary, some of the more highly paid appointments.

2. The Revenue Commissioner is therefore requested to consider, in consultation with Deputy Commissioners, the requirements of each department, taking into consideration the additional hands now required and submit proposals for a proper redistribution of work and establishment in the Deputy Commissioner's office with suitable revision of salaries, if necessary, so as not to add to the present aggregate cost to Government.

3 Pending receipt of these proposals and orders thereon, the post of Head Clerk in the Deputy Commissioners' offices will not be permanently filled up when it is vacant.

(3) Letter No. 6888, dated the 26th December 1910—6th January 1911, from the Revenue Commissioner in Mysore, submitting proposals in the matter :—

With reference to Government Proceedings No. R. 7137-46—L. R. 217-09-5, dated 21st April 1910, calling for proposals for a proper distribution of work and establishment

Proceedings of the Government of His Highness the Maharaja of Mysore,

among the several departments of the Deputy Commissioner's office, I have the honor to state as follows.

2. The necessity for the revision contemplated by Government and the lines suggested by them for the revision were clearly explained to the Deputy Commissioners in this office Memo No. 10819-26, dated 26th April 1910. A preliminary discussion also took place on the subject at the Conference held at the Public Offices at Mysore in the last week of June 1910. The questions that have, in the light of the Government Order and the discussion referred to above, cropped up for consideration are:—

(i) The necessity or otherwise for the continuance of the English department as a separate branch; the maintenance of the English Records separately; and a proper redistribution of work and of the hands to suit the present conditions;

(ii) Reduction of the status and pay of the Head Clerk;

(iii) Revision of the pay and status of the District Sheristadar;

(iv) Abolition of the progressive scale of salaries;

(v) Number of additional hands required and adjustment, if possible, of the cost of the same by reduction of salaries attached to existing posts.

3. The replies of the Deputy Commissioners of the several districts, except Hassan, were received as noted in the margin and are forwarded herewith, in original. While the Deputy Commissioner of the Hassan District has not furnished any reply, the Deputy Commissioner of the Shimoga District (Mr K. Srinivasa Row) has stated that neither the scale of establishment nor the existing system needs any change. I shall refer below to the opinion of the other six Deputy Commissioners on the several points mentioned above indicating my own views at the same time.

4. *Amalgamation of the English and Revenue Departments and redistribution of work.*—The need for maintaining a separate English department was discussed at some length at the Conference and the Deputy Commissioners were requested to consider the desirability of discontinuing the present system of maintaining a separate Record department for preserving the English correspondence.

The Deputy Commissioner of Kolar has not entered into this question. The Deputy Commissioner of Tumkur has expressed a general agreement to the proposal to alter the status of the English establishment. The Deputy Commissioner of Bangalore does not see any difficulty in the abolition of the separate English records. But the Deputy Commissioners of Mysore and Chitaldrug are not in favor of this change on the ground that much confusion would arise therefrom. The Deputy Commissioner of Kadur states that the English office as a separate one has worked very successfully till now and that it is not desirable to effect any alteration in the present system.

It must be observed that the instructions and views of the Government in regard to this portion of the District Office have not been correctly understood by some of the Deputy Commissioners. It is clear that the conditions under which a separate department was originally constituted for English work in the Deputy Commissioners' offices do not now exist. Formerly the districts were presided over chiefly by European officers and the majority of the clerks had no knowledge of English. A separate establishment was necessary for preparing translations of vernacular correspondence and English precis, drafts and orders. The Deputy Commissioner of the present day is generally an Indian Officer well conversant with the vernacular and even in the few cases where he is a European, he is in a position to deal direct with the clerks in charge of the papers. And almost all the officials in the District Offices are now acquainted with English, well enough to be able to present the facts of any case or discuss it, or to prepare drafts in that language. The nature of the work in the English branch has, therefore, altered very much. From the statements appended to the replies of the Deputy Commissioners of Bangalore, Tumkur and Chitaldrug, it will be seen that the work done at present in the English branch consists mostly of registering, fair copying and despatching of English communications and maintenance of English records and that no original drafting is generally carried on. It is generally so in the other districts also.

5. I do not consider that the work described above necessitates the maintenance any longer of a distinct branch. It is not, however, my intention to propose that the work now done by it should be distributed among the clerks in the other departments, or that the number of hands attending to it should be reduced, as it appears to have been assumed by the Deputy Commissioners of Bangalore, Kadur and Chitaldrug. Separate registers may continue to be maintained for the English letters and the registering, fair copying and despatching of such papers may be attended to by a separate section of clerks, but there is no reason why they should form an independent section or maintain their records separately from the files to which they belong.

Land Revenue, dated 7th September 1912.

6. I am also strongly of opinion that two separate branches for the English and Vernacular records are no longer necessary. The former comprise mostly papers relating to pending questions, which by being kept aloof are often lost sight of.

The present system of arranging the English papers is also far from satisfactory. They are kept according to the years to which they relate and in separate dafters according as they are "Receipts" or "Issues," so that the references required for the disposal of any new receipt can be had only on special requisition and should be picked up from several bundles with the help of the registers. This leads to much waste of time and labour I propose, therefore, to introduce some changes in the present system of referring papers to the clerks and sending papers after disposal to the records, with a view to ensure easier referencing and prompter disposal of papers. As a result of these changes, only files relating to questions that are finally disposed of will go into the records and a large number of the English papers now going into the present English records will go to the clerks concerned for being kept in the connected files and the rest to the General Records now contemplated, with the connected Vernacular papers, if any.

Resume of the Deputy Commissioners' opinions

7. *Pay and status of the Head Clerk.*—The Deputy Commissioners of Bangalore, Mysore, Kadur, and Chitaldrug agree in considering that the present status and pay of the Head Clerk may well be reduced. In the opinion of the Deputy Commissioner of Bangalore, a salary of Rs. 50 or 60 is sufficient for this post. The other three Deputy Commissioners named above suggest that the Head Clerk should be allowed the same pay as the other head ministerial officials, *viz.*, the Revenue Head Munshi, the Revenue Head Accountant and the Judicial Head Munshi. But the salaries proposed by them are not the same: the Deputy Commissioner of Mysore proposes a progressive scale of Rs. 60—5—80: the Deputy Commissioner of Kadur Rs. 60 or 70 and the Deputy Commissioner of Chitaldrug Rs. 60. The Deputy Commissioners of Bangalore and Chitaldrug desire also that the Head Clerk may be asked to attend to all general correspondence (not pertaining to the other departments), in addition to his present work. The Deputy Commissioner of Tumkur seems also to be generally agreeable to the proposal to reduce the Head Clerk's status and suggests that the pay be fixed at Rs. 80, the present minimum. The Deputy Commissioner of the Kolar District says, "Though the same reasons that weighed in 1897 to raise the pay of this post "have somewhat ceased to exist, others of perhaps weightier importance have since sprung "up with the progressive policy of decentralization and growth of so many departments that "it would not be advisable to considerably retrench the pay or reduce the status of the post." He maintains that it is necessary to retain the appointment with its present status and almost on the same salary and states that the pay may perhaps be Rs 80—5—100.

8. *My own views as distinguished from the resume above.*—What has been stated generally in regard to the English establishment, in para 4 above, applies in particular to the post of English Head Clerk. This appointment has lost much of its original importance. The Head Clerk's work consists now in merely receiving the English tappals, getting them registered and sent to the branches where the disposal of the subjects is actually attended to, comparing fair copies of English drafts, arranging for the despatch of the same and supervision of the English Records He does not prepare precis or drafts, or work up cases for orders, as in former days. The Deputy Commissioners of Kolar and Tumkur Districts alone state that some drafting work relating to a few general subjects has been given to their Head Clerks in addition to their usual work. But I believe this additional work is given not as a part of the Head Clerk's proper duty but because of the special aptitude of the incumbent for the time being, or because of the inadequacy of the other work assigned to him.

9. I am, therefore, of opinion that there is no necessity for a highly paid Head Clerk, as already surmised by Government. As in the Collectorates of the Madras Presidency, the District Sheristadar should, in my opinion, be the chief ministerial officer for all departments under the Deputy Commissioner and should be held responsible, along with the Treasury Assistant Commissioner, for the supervision and efficient management of the whole of the Deputy Commissioner's office: and it is undesirable to divide this responsibility further by giving to the Head Clerk any quasi-independent status as compared with the District Sheristadar, or a status higher than what is accorded to other chief clerks, such as Head Accountant, Judicial Head Munshi, etc. The difference in the scale of pay of the Head Accountant, Judicial Head Munshi and Revenue Head Munshi has been the cause of much difficulty to Deputy Commissioners in making suitable arrangements for work, and in regulating promotions according to seniority and good work. All these officials perform work of about the same importance; and when vacancies occur, even of a temporary nature, the settlement of claims based on progressive salaries and the actual duties assigned to the several officials becomes a delicate matter and gives rise to invidious distinctions. It should in my opinion,

therefore, be open to the Deputy Commissioners to distribute the work of these officials and of the Chief English clerk among the highly paid clerks (drawing not less than Rs. 50), in accordance with their individual aptitude and without reference to the scale of pay. The clerk in charge of English work should also be given some drafting, as it is being done at present in the Tumkur and Kolar Districts. It would be no longer necessary, therefore, to retain the specially high and progressive rate of pay allowed to the post of Head Clerk, *viz.*, Rs. 80—10—120.

10. *District Sheristedars.*—The Deputy Commissioners of Kadur, Chitaldrug and Shimoga have proposed in this connection that the District Sheristadars may be seconded as Amildars and their pay fixed at Rs. 150, the maximum of the present scale. The reason assigned by them for this change is that it would attract better men for the post and afford room for a healthy interchange of men between the two classes of appointments. The Deputy Commissioners of Bangalore and Mysore also share in this view but do not urge at present any increase in the pay. The Deputy Commissioner of Kolar is also of the opinion that the District Sheristedar should have at least the status of an Amildar and that the present scale of pay should not be reduced.

11. I am unable to attach the same force to the arguments advanced in support of this change. The Deputy Commissioner of Chitaldrug (Mr. M. Chengiah Chetty) was the first to make this proposal and in doing so he drew attention to the fact that in the Madras Presidency the Collector's Sheristedar has the same status as a Tahsildar. But he did not evidently realise that the former post does not now carry with it the same importance as it did twenty or twenty-five years ago. Owing to the advent of educated men as Tahsildars and Deputy Collectors and the easy access which the Collector has to the localities and people under his charge, the office of Huzur Sheristedar has lost much of its original importance and prestige. There appears, therefore, no good reason for us to go through the reverse process and raise the status of the District Sheristedars in Mysore. It should also be observed that persons holding the post of Huzur Sheristedar in the Madras Presidency are not actually seconded as Tahsildars. It is an old practice in that Presidency to appoint persons holding this post as Deputy Collectors and to ensure that such men may not prove failures in the executive line, only persons who have served as Tahsildars for at least two years are of late being appointed as Huzur Sheristedars. Here, the Sheristedars are intended to look forward to Amildari, for promotion and their pay (100-10-150) is commensurate with their responsibility. While serving as a suitable goal for men fit alone for ministerial work, it has not stood in the way of persons desiring to get into the executive line after serving for a reasonable period as District Sheristedars. The only important reason mentioned by the Deputy Commissioners urging the proposed change is that the services of men with executive experience may be obtained for this post. But I have grave doubts as to whether persons who have been successful in the executive line will care to go back to the sedentary duties of a District Sheristedar, even though the pay of the latter is made equivalent to that of the last grade Amildar. So far, we have had instances only of incompetent Amildars being reduced as Sheristedars. If, on the other hand, we provide for Sheristedars drawing higher pay without going out as executive officers, there may be a temptation for shirking the more onerous out-door work. Further, officials holding appointments in other departments, on more or less equal pay, hold the same prospects at present of becoming Amildars as persons who are District Sheristedars and any increase in the status of the latter may give rise to complaints. I am, therefore, strongly of opinion that the progressive pay of Rs. 100—10—150 of the District Sheristedar or his status need not be changed. It may be, however, provided that whenever, owing to any special emergency or in the general interests of the service, it is considered necessary or expedient to draft for this post an executive officer, the person so selected may be allowed to draw the difference, if any, between his former pay and that of the District Sheristedar as a personal allowance. No extra expenditure need be incurred as it would be sufficient in such a case to make a fresh appointment in the last grade of Amildars, whatever the actual pay of the officer so transferred may be.

12. ***Modification of the scale of progressive salaries.***—The Deputy Commissioner of the Kadur District has explained, in para 4 of his letter, how the existence of a few appointments carrying such salaries in a scale consisting generally of fixed salaries operates at times as a hardship. It has not also been possible to apply the rules governing the grant of increments in a strict manner. Progressive salaries had been tried and given up so far back as 1879, as they were found to be specially inconvenient in lower grades. The reason for reviving them in the case of a few appointments in 1897 was that after reaching these posts, the officials concerned had nothing further to look forward to. But circumstances have altered much since then and, I think, advantage may be taken of the present opportunity to abolish progressive salaries as far as possible.

13. The appointments carrying such salaries at present are (*i*) District Sheristedar, (*ii*) Head Clerk, (*iii*) Judicial Head Munshi and (*iv*) Vernacular Record-keeper. The first

Land Revenue, dated 7th September 1912.

two appointments have been dealt with above and the retention of the progressive scale for the post of District Sheristedar alone has been recommended. The present scale of progressive salary for the third appointment, *viz.*, Judicial Head Munshi (50-5-70) was fixed at a time when men possessing a knowledge of Criminal law were rare and when men once appointed to it had to remain long in it. The Criminal test has now been prescribed for almost all the higher appointments in the Revenue department and there is no dearth of officials either in this department or elsewhere who have passed this test. The Judicial establishment of the Deputy Commissioner is for all practical purposes a part of the district establishments. Men holding the post of Judicial Head Munshi are held eligible for the post of Deputy Amildar They practically possess the same claims as others for promotion. But when such promotions are given, the progressive pay causes inconvenience in filling up this post. If a person in the junior grades is appointed to the office on account of his special experience in Judicial work, or if another official such as Revenue Head Munshi or Head Accountant who has a good claim for it cannot be transferred owing to a difficulty in finding a suitable substitute for him, the irregular procedure of retaining officials in one baraward while performing work in another capacity has to be resorted to. I would, therefore, propose that the Judicial branch need not be kept separate and that one of the highly paid clerks may attend to magisterial work, with the aid of one or two junior clerks according to actual needs. The Judicial records may be left under the charge of the General Record-keeper without being mixed up, however, with the Revenue Records. For purposes of accounts, a portion of the cost of the common establishments may be debited to "Law and Justice," as it is done at present in the case of the Sub-Division and Taluk establishments.

14. I may refer here to the proposal of some Deputy Commissioners to raise the pay of the Revenue Head Accountant and Revenue Head Munshi The former post carries Rs. 70 in the Bangalore and Mysore Districts and Rs. 60 in the other districts. The revised salaries proposed by the Deputy Commissioners are 70—5—80 (Bangalore), 70 (Kolar and Kadur) and 60—5—80 (Mysore). The Deputy Commissioner of Chitaldrug has also suggested Rs. 70 in his first proposals. The salary of the other appointment at present is Rs. 50, except in Bangalore and Mysore, where it carries Rs. 60. The revised salaries proposed for this appointment are 60—5—80 (Mysore) and 60 (Kadur and Chitaldrug). In the opinion of these Deputy Commissioners, the responsibility attached to these posts has grown much and the Deputy Commissioners of Kadur and Chitaldrug desire also that there should be no difference in the scale of pay as compared with other districts.

15. While recognising the importance of the work done by the incumbents of these two posts, I would propose that no distinctive pay need be attached to them. As already suggested above (in the case of English and Judicial work), two of the highly paid clerks in each office drawing not less than Rs. 50 may be entrusted with the work of the Revenue Head Accountant and Revenue Head Munshi with the aid of as many minor clerks as may be necessary. Such a system would render it easy to distribute work according to the real aptitude of the several clerks, while at the same time promotions may be given generally in the order of seniority, unless of course any man in the series is particularly unfit for any responsible work or is lacking in departmental qualifications.

16. While on this subject, I may notice the fact that the Revenue Head Accountants are not at present required to pass the Revenue Test though the bulk of their work is connected with intricate Revenue law. I think that, as a rule, all officials holding appointments carrying Rs. 50 and above in the Deputy Commissioner's office should have passed Revenue, Criminal and Accounts tests at least of the lower grade.

17. *(Revenue) Head Record-keeper.*—The progressive scale of pay for this post, 30—5—40, may also be converted into a fixed one. There should only be one principal Record-keeper for the whole office and he should be held responsible for the arrangement and maintenance of all records, whether Revenue or Judicial, He must be a fairly intelligent official, able to understand the revised rules for the sorting and preservation of Records; and he must be a man of some standing in the service and one in whom a certain amount of trust may be placed. He should also stick to the work for at least three years. A clerk drawing not less than Rs. 50 or 45 will have to be posted for this work.

18. *Additional hands.*—I now come to the last question regarding the entertainment of additional hands. The Deputy Commissioners of Kolar and Shimoga have not asked for any addition to the establishments. The Deputy Commissioner of Kadur states that the work in the Accounts branch is daily getting heavier and asks for an additional clerk. The Deputy Commissioner, Tumkur District, states that there has been a general increase of work throughout, but proposes for the present only a small addition of 2 hands to the Revenue Accounts branch which he states is the most heavily worked. The Deputy Commissioners of Bangalore, Mysore and Chitaldrug Districts also report an increase of work on

all sides and require a larger number of additional hands (*viz.*, 3, 3 and 7, respectively). The pay proposed for the additional hands varies from Rs. 25 to 8 and the total increase in cost is Rs. 276 per mensem. Besides this, the Deputy Commissioners of Bangalore and Chitaldrug urge increase of the pay of some of the minor clerks and Accountants and also that of the dafterband.

19. It is now more than 13 years since the present scale of establishments was fixed and since then correspondence has increased in the Revenue department as in all other branches of the administration. Since the appointment of a Revenue Commissioner, the Revenue work in the district and other subordinate offices is being subjected to closer scrutiny than before. A more systematic and expeditious disposal of business is being insisted upon. A more careful preparation of the several statistics and Account returns pertaining to Agricultural and Revenue matters and prompter submission of the same is now required. The system of granting loans for agricultural purposes is getting more popular and is creating some additional and responsible work, closer attention is being paid to the conduct of work in the Treasuries than was the case a few years ago. The Dasara Agricultural and Industrial Exhibition is the source of some permanent increase in work, claiming the attention of two or three clerks in each office for some months in the year. Thus all the District Offices need some strengthening.

Three additional hands may be given for the Mysore District as proposed by the Deputy Commissioner and two would suffice for the Bangalore District as it has already got the largest establishment. One additional hand may be sanctioned each for the Tumkur and Kadur Districts. As regards the Chitaldrug District, it must be remarked that it has risen much in importance since the establishment for that district was last revised. The settlement of all the taluks has been revised and since the construction of the Marikanave Reservoir, cultivation has been expanding in the Hiriyur Taluk. This district must be gradually allowed to rank with Tumkur or Shimoga and four additional hands may be provided for it for the present. One additional hand may be given for the Kolar District, when it would be on the same footing as Tumkur. One additional hand for the Shimoga District and one for Hassan District may also be sanctioned, so that their present relation to the Tumkur and Kadur Districts, respectively, may not be altered.

20. In accordance with the various considerations set forth above, I have drawn up a revised scale (*vide* Statement A) providing for fourteen additional clerks and constituting a common establishment for Revenue, Judicial and general work (except District Funds, and Maramat and Muzrai). As thus revised, the Mysore District which is the largest and where work is comparatively heavier than in all other districts will get 28 hands or almost the same strength of establishment as is allowed in the Madras Presidency for a district of average size and importance. In point of work and general importance, Bangalore District comes next only to Mysore. His Majesty's Troops frequently camp and move in this district for exercise and this occasions much correspondence. The strength of the establishment proposed is, therefore, the same as that for Mysore, *viz.*, 28. The Shimoga District will have 26 hands or two hands less than Bangalore and Mysore. Kolar and Tumkur will have 25 hands each, while Chitaldrug and Kadur Districts will get 24 clerks. Hassan District will have 23 men. The total strength and cost will be 203 men drawing an average pay of Rs. 7,705 per mensem as against 189 clerks drawing Rs. 7,655 per mensem at present. The net additional cost is thus only Rs. 40 per mensem and may be kindly sanctioned by Government in view of the pressing necessity for additional hands and the general improvement sought by the proposed revision. I must state in this connection that the lowest pay in the district scale should not be less than Rs. 20.

21. With a view to avoid extra cost, I have fixed the number of appointments carrying Rs. 50 and more as low as possible, (42 as against 50 in the present scale). But in view of the fact that the salary of the Head Munshi in all Sub-Divisions and that of the Treasury Head Accountant in some districts is Rs. 50, it is a question for consideration whether Rs. 55 may not be fixed for one of the two posts on Rs. 50 proposed for each district, so that persons serving in Sub-Divisions and District Treasuries may, in deserving cases, be taken on promotion to the District Office.

22. The suggestion of the Deputy Commissioner of Chitaldrug to raise the pay of the Dafterbands from Rs. 6 to Rs. 8 is also worthy of adoption. These officials are classed as "inferior" servants, but most of them are usually required to do more intelligent and responsible work than is expected of ordinary menials. The cost involved in raising the pay of the 16 Dafterbands, as stated above, is only Rs. 32 and may be sanctioned.

23. The Deputy Commissioner of the Bangalore District has in this connection suggested that the pay of the Muzrai Accountant may be raised. But I leave this question for the consideration of the Muzrai Superintendent and Under-Secretary to Government in the

Land Revenue, dated 7th September 1912.

Muzrai Department, as I am unable to offer any opinion in the matter. The establishment for Muzrai work (which included till lately Sayer work also) has, therefore, been left out of consideration for the present. I have not also entered here into the question of confirming and revising the Maramat establishments, as the cost of the same is met from Public Works and District Fund Budgets, and as it is being separately considered. The District Treasury establishment has not also been dealt with. But I may state that the pay of the Treasury Head Accountant in the Kolar, Tumkur, Hassan, Kadur and Chitaldrug Districts, which is only Rs. 40, may be fixed at Rs. 45 or 50 as in the case of the other districts. The responsibility of the Head Accountant has increased much of late, owing to a closer attention paid to this branch of work in the District Treasuries as a result of the change introduced in 1906.

In regard to the irrigation wells establishments in the Bangalore, Kolar, Tumkur and Chitaldrug Districts, the cost of which is met from the General Funds, I may observe that not much use is being derived from the Well Maistris whose entertainment was sanctioned at a time when the system of granting loans for the construction of irrigation wells was first introduced and pushed on with a special agency. This work has now devolved on the general establishments and the Shekdars are expected to take the necessary measurements and exercise check over estimates. I would, therefore, suggest the abolition of this establishment which has been costing about Rs. 2,800 every year.

24. If the scale proposed above is approved by Government, officials, who hold progressive appointments at the time of the introduction of this scale and happen to draw salaries exceeding those of the places given to them therein, may be allowed to draw the excess as personal allowances, until they are promoted to higher posts in the scale.

25. In conclusion, I must apologise for this letter being somewhat diffuse and containing repetitions of facts and arguments. As it was essential that the divergent views of the several Deputy Commissioners on the various points involved should be duly considered and that the Government should be in possession of all that can be said both for and against the various proposals, this could not be avoided. And perhaps it is better to err in a matter of this kind on the safe side by writing too much than necessitate further reference by saying too little. On the whole, I feel that the above proposals will meet with the general concurrence of the District Officers and that, if approved by Government, they will conduce to general efficiency and satisfaction.

Proceedings of the Government of His Highness the Maharaja of Mysore.

ORDER THEREON.—The proposals made by the Revenue Commissioner in the letter read above are well-considered and are calculated to promote the efficiency of the Deputy Commissioner's establishment as a whole.

2. Government agree that no revision of the pay and status of District Sheristedars is called for at present.

3. As regards Head Clerks, Government have already given reasons in their order read above for reducing their pay, having regard to the nature of the work done by them. As almost all the officials in the District Offices possess a sufficient knowledge of English, it is no longer necessary to maintain the old English department as an independent branch of the Deputy Commissioner's office with a highly paid official at its head. There is also no necessity, as pointed out by the Revenue Commissioner, to have separate departments for revenue (including accounts) and judicial work with establishments of their own. The appointments of Judicial Head Munshi, Revenue Head Accountant and Revenue Head Munshi are of co-ordinate importance, and the existence of a few appointments on progressive salaries in an establishment consisting mostly of appointments on fixed pay causes much inconvenience and hardship in the matter of promotions. All the three departments will therefore be amalgamated into one common establishment, the designations of Head Clerk, Revenue Head Accountant, Judicial Head Munshi, and Revenue Head Munshi and the progressive scale of pay now fixed for the posts of Head Clerk and the Judicial Head Munshi being done away with.

4. The designation of the Vernacular Record-keeper and the progressive scale of pay fixed for this appointment will also be done away with as proposed and one of the competent highly paid clerks will be placed in charge of the whole of the records of the Deputy Commissioner's office. The records should, however, be arranged in the Record room according to the departments to which they belong.

5. The reorganization of the establishment as above, which affects only the English, Revenue and Judicial departments of the Deputy Commissioner's office, is intended to afford a free scope to the Deputy Commissioners to distribute the work of the several branches among the highly paid clerks assisted by as many junior clerks as may be necessary in each case, according to their individual capacities, and to regulate the promotions according to seniority and merit.

6. Instead of two hands on Rs. 50 as at present in each of the districts, except Mysore, where there is one hand on Rs. 60 and another on Rs. 50, the Revenue Commissioner proposes to have one clerk on Rs. 55 and another on Rs. 50, so that officials drawing Rs. 50 in the Sub-Division offices and District Treasuries may, in deserving cases, have greater chances of being taken on promotion to the District Office. This suggestion which involves only a slight increase of cost, *viz.*, Rs. 40 a month, is approved.

7. The proposals made by the Revenue Commissioner do not, however, include the Sayer and Muzrai establishment, consisting of one Accountant on Rs. 20 in each of the districts, and two additional Accountants on Rs. 35 and Rs. 15 in the Shimoga District, and one Accountant on Rs. 35 in Kadur District. After the abolition of the Halat on supari, the work of these Accountants appears to be confined solely to Muzrai matters. Government therefore consider that there is no necessity to retain the additional Sayer establishments in the Kadur and Shimoga Districts and that it is sufficient if a hand on Rs. 20 is retained for Muzrai work solely in each district, except in the Mysore District, where there is a separate Muzrai establishment maintained from Muzrai funds.

8. In the comparative statement submitted by the Revenue Commissioner, the establishment consisting of the Magisterial clerks (eight at Rs. 25), which was sanctioned in the order of April 1897 to be employed under Treasury Officers for doing magisterial work, has been omitted. As it forms a part of the existing Judicial establishment in the District Office, proposed to be amalgamated with the Revenue and English departments, it has been included in the revised scale of establishment now sanctioned.

9. The proposal to raise the pay of the Dafterbands in the District Offices from Rs. 6 to Rs. 8 is also sanctioned.

10. Government consider that the question of raising the pay of the Treasury Head Accountants in the Districts of Kolar, Tumkur, Hassan, Kadur and Chitaldrug does not arise at present.

11. Orders are reserved as regards the Revenue Commissioner's proposal to discontinue the Irrigation Wells establishment, which costs Rs. 2,856 per annum. But if it be discontinued, the financial effect of the revision now sanctioned which provides also for additional hands as shewn in the appended statement, will be as follows :—

Totals of (1), (2), (3) and (4) .	.	8,808	..	8,565	..	..

12. The sanctioned scale of establishment for the several District Offices is given in the appended statement. It will come into force with effect from 1st January 1913.

13. In giving effect to the revision, officials who are already drawing a higher salary than that now provided will be allowed to draw the same, the difference being treated as personal allowance, but if they are holding an appointment with a progressive salary, they will not be entitled to future increments and their further promotion will be regulated according to vacancies in the grades as now sanctioned.

14. The cost of the Judicial department of the Deputy Commissioners' offices, together with the pay of the magisterial clerks allowed for the Treasury officers, is at present provided for separately under "16A. *(g)* Law and Justice, Courts of Law, (7) District Magistrates' Courts." As this department will hereafter cease to be a separate department, a portion of the cost of the revised establishment should be debited to "Law and Justice" as in the cases of Assistant Commissioners' and Taluk establishments. The Comptroller is requested to take steps in consultation with the Revenue Commissioner and the Registrar of the Chief Court to fix the proportion in which the cost may be apportioned between the Land Revenue and Judicial departments.

15. Government observe that the various departments of the Deputy Commissioners' offices being amalgamated into one common establishment, renders it necessary to alter the rules regarding the departmental qualification prescribed for the appointments and promotions in the Deputy Commissioners' offices in Government Notification No. 3109—Ex. 19-09-4, dated the 29th September 1910. Under para 6 of the rules, no person can be appointed to any of the marginally noted appointments unless he has passed the examinations noted against them. The Revenue Commissioner suggests that as there will be no special designations for the appointments in the Deputy Commissioners' offices, the above rules should be

Head Clerk, Revenue and Judicial Head Munshi.....
.....Revenue and Criminal (Lower).
2. Head Accountants..... Accounts (Higher)
3. Other Accountants.....Accounts (Lower).

Land Revenue, dated 7th September 1912.

modified so as to require that all officials carrying Rs. 50 and above in the Deputy Commissioners' offices should have passed the Revenue, Criminal and Accounts tests at least of the lower grade. Officials who are already qualified under the existing rules need not be compelled to pass the additional examinations now prescribed, but their further promotion will depend upon their becoming qualified by passing the tests now prescribed. The Revenue Commissioner's suggestion is approved and the rule will be accordingly amended.

Correspondence ending with letter No. 10237, dated the 7th March 1912, from the Revenue Commissioner in Mysore, stating that the heading "Notice of attachment or forfeiture" occurring in the statement showing the revenue realizations by coercive processes given in the Annual Revenue Administration Report may be changed into "Forfeiture of occupancies and distraint of movable property," as the words referred to above as now used are not in accordance with the terms used in the Land Revenue Code, and suggesting that the form of the said statement may be altered on the lines of the Bombay form.

No. R. 1458-66—L. R. 467-11-5, DATED BANGALORE, 12TH SEPTEMBER 1912.

ORDER THEREON.—Government agree with the Revenue Commissioner in the view that the statement in its present form is defective, as it does not specify the amount of kandayam recovered by means of each of the several coercive processes prescribed in the Land Revenue Code and they are therefore pleased to prescribe the accompanying revised form, to be used hereafter in the place of the one now in use.

Petition dated the 23rd November 1909, from the raiyats of Sarvamanya Alur village in the Hiriyur Taluk, belonging to the Uttaradi Matt now under Government management, praying that double the wet assessment levied on their lands brought under wet cultivation with the use of water from the Marikanave Reservoir, may be remitted.

(2) Letter No. 5226, dated the 17th November 1911, from the Revenue Commissioner in Mysore, stating that double the water rate as noted in the margin, was levied on the excess area that was brought under wet cultivation over and above that for which they had obtained permission to use water and that, though the aggrieved parties were required to appeal in each case separately, no such appeals have been preferred.—

(3) Correspondence ending with letter No. 11125, dated the 1st April 1912, from the same officer, furnishing further information on the subject.

No. R. 1519—L. R. 8-09-98, DATED BANGALORE, THE 17TH SEPTEMBER 1912.

ORDER THEREON.—As the petitioners have not appealed to the Revenue Commissioner against the imposition of double the water rate separately in each case as directed by him, there is nothing to be done in the matter. They will be informed accordingly.

2. The Revenue Commissioner is of opinion that, when double the water rate is ordered to be recovered for the unauthorised use of Government water, the local and irrigation cesses to be recovered should be calculated on such double water rate as it is in the nature of an increased water rate and not a penalty imposed at the discretion of the Deputy Commissioner under Rule 34 of the Revenue Rules. He is also of opinion that when water is allowed to be taken for Inam dry lands, the irrigation cess should be levied on the entire assessment of the lands inclusive of the dry rate and that the action of the Deputy Commissioner in excluding the dry rate from the calculation on the ground that it belongs to Inamdar is incorrect. Government agree with these views and the Revenue Commissioner is requested to instruct the Deputy Commissioner to levy the cesses accordingly.

Letter No. 2030, dated the 24th August 1912, from the Revenue Commissioner in Mysore, forwarding a copy of a letter from the Deputy Commissioner of the Mysore District, requesting that a party of trained measurers and classers may be deputed from the Revenue Survey Department to accurately measure and demarcate the portions of survey numbers proposed to be acquired for the new Cauvery Reservoir, and also the lands to be given to the raiyats in exchange for those acquired from them, etc.

No. R. 1670-74—L. R. 173-12-7, DATED BANGALORE, 23RD SEPTEMBER 1912.

ORDER THEREON.—The Superintendent of Revenue Survey is requested to place at the disposal of Mr. L. Krishna Rao, the services of two measurers for demarcating and measuring parts of survey numbers that have to be acquired, so as to enable him to award proper compensation therefor. The measurers should be properly employed and instructed and supplied with the necessary staff of flag-holders and chainmen and the whole cost will be charged to the Public Works budget.

2. Government are also of opinion that classification and assessment of the lands that have to be given in exchange or otherwise dealt with cannot be undertaken until the works are completed and cultivation has, to some extent, established itself under the new channels. The Deputy Commissioner is authorised to grant the land on temporary assessment under the orders of the Revenue Commissioner, pending the deputation of a survey party to classify and assess the lands after the works are completed.

The summary of discussion relating to Subject No. 122 of the Proceedings of the Representative Assembly of 1911, regarding the reduction of assessment on lands granted for rubber cultivation, with the reply of Government thereto.

2. Letter dated the 16th December 1911, from Mr. H. Pilkington, Planter and Representative Assembly Member furnishing information as to the rates of assessment and other conditions obtaining in Travancore, Cochin and Coorg in respect of lands given out for rubber cultivation.

3. Letter No. 8980, dated the 1st March 1912, from the Revenue Commissioner in Mysore, reporting on the subject of the revision of the rules for the grant of lands for rubber cultivation.

No. R. 1680-91—L. R. 307-11-4, DATED BANGALORE, 24TH SEPTEMBER 1912.

ORDER THEREON.—The rules issued with the Government Order of 28th September 1906 read above were promulgated after a conference with the planters interested in the rubber industry. It was, however, declared that the conditions embodied in the rules were tentative and that the benefit of the concessions allowed therein would be withdrawn in the case of applications received after 30th June 1908. Government consider that, in the light of the experience since gained, the rules may now be finally revised.

2. Government are accordingly pleased to direct that all future applications for lands for rubber cultivation be dealt with in accordance with the rules contained in Appendix E to the Revenue Rules of 1890, relating to the grant of lands for coffee cultivation. The lands will be sold by auction subject to an upset price of Rs. 10 per acre and granted on permanent tenure. They will be held free of assessment for the first three years and on half assessment for the next two years, full assessment at Rs. 1-8-0 per acre being recovered from the 6th year. A title-deed in Form A annexed to Appendix E to the Revenue Rules of 1890 will be issued to the grantee whenever lands are given out for rubber cultivation as above.

3. In the case of lands which have already been given out for rubber cultivation under the Rules of 28th September 1906, Government are pleased to direct that the rate of assessment be reduced from Rs. 3 to Rs. 2 per acre.

Letter No. 1174, dated the 11th April 1912, from the Revenue Commissioner in Mysore, reporting on an article re " Hardship to purchasers in Revenue sales " in the *Mysore Times*, dated 22nd October 1910, and stating that it can be prevented only by adequate punishment to the subordinate officials then and there.

No. R. 1801-9—L. R. 129-10-3, DATED BANGALORE, 28TH SEPTEMBER 1912.

ORDER THEREON.—Recorded.

2. In Government Proceedings No. R. 3275—R. M. 494-05-3, dated the 17th *September* 1906, it is explicitly ordered that sales properly held should not, as a rule, be cancelled in the absence of any material irregularity or mistake or fraud in publishing or conducting it; and in Section 184 of the Land Revenue Code, it is further laid down that no sale shall be set aside on the ground of any such irregularity or mistake, unless the applicant proves to the satisfaction of the Deputy Commissioner that he has sustained substantial injury by reason thereof. In exceptional cases where circumstances are considered by the Deputy Commissioner to exist, rendering the confirmation of a sale improvable, the Deputy Commissioner may cancel the sale though otherwise regular, under Section 185 of the Land Revenue Code; but in such a case there is a provision for the payment to the auction purchaser of a reasonable interest on the purchase amount deposited by him.

3. Even with all these safeguards, it is conceivable that purchasers at Revenue sales are sometimes inconvenienced and put to appreciable loss owing to the cancellation of sales for reasons for which they are not responsible. Where this is due to manifest negligence on the part of any Revenue Officer in observing the prescribed precautions and formalities in the conduct of the sale, due notice of the conduct is taken by his superiors. When, however, the cancellation is based on equitable grounds—these cases are exceptional—the action is called for by the very nature of the extraordinary powers of forfeiture and sale vested in Revenue Officers under the Code and the exigency that exists to protect an ignorant peasantry from *undue loss*. As a set off, the auction purchasers at Revenue sales enjoy certain advantages, such as simplicity of procedure and security of title, which are calculated to more than compensate for the liability to an occasional cancellation on equitable grounds. And above all, Revenue Officers are alive to the seriousness of disturbing possession of land, when once possession of it is given to an applicant.

Correspondence ending with letter No. 286, dated 7th July 1911, from the Revenue Commissioner in Mysore, in the matter of the application of Mr. Broughton for the conversion of the assessment now levied on his coffee land Survey No. 22, measuring 255 acres 20 guntas at Chetnahalli, Mudgere Taluk, at the rate of one rupee an acre under the terms of the Survey Settlement into a permanent assessment of Rs. 1-8-0 an acre.

No. R. 1810—L. R. 361-10-4, DATED BANGALORE, 28TH SEPTEMBER 1912.

ORDER THEREON.—The estate is an old one dating from before the Survey and Settlement of 1881-82 and it seems to have been confirmed on temporary assessment with a guarantee of 30 years, as the then holder, Mrs. Fitz Gibbon, did not apply for a permanent settlement. The Deputy Commissioner states that Mr. Broughton has, in accordance with Government Proceedings No. 1125-8, dated 22nd September 1885, deposited the difference in the assessment for 29 years from 1881-82 to 1909-10 between the rates fixed for a permanent and for a temporary settlement, amounting to Rs. 3,707-14-0, and has requested that the estate may be confirmed to him on a permanent settlement. The matter has been referred for the orders of Government, as the concession will give the holder a preferential right to work the mines on the land.

2. Under the circumstances, Government are pleased to accord their sanction to the conversion of the tenure of the estate in question into a permanent one and to authorise the Deputy Commissioner to issue a fresh title-deed in the prescribed form.

3. As the conversion of the temporary into permanent tenures involves the grant of a preferential right of mining, Government are pleased to direct that all such cases should be sent up to Government for orders.

Government Proceedings No. R. 5042-80—L. R. 199-06-2, dated the 15th November 1906, passing orders in the matter of the transfer of certain returns from the General and Revenue Secretariat to the Revenue Commissioner's Office.

2. Government Order No. R. 8277—L. R. 199-06-8, dated the 12th March 1907, approving of the dates suggested by the Revenue Commissioner for submission of certain returns and reviews to Government.

No. R. 1832-40—L. R. 10-12-31, DATED BANGALORE, 28TH SEPTEMBER 1912.

ORDER THEREON.—Government regret to observe that the reviews of the Revenue Commissioner on the monthly demand, collection and balance statements submitted by the Deputy Commissioners are not received in time apparently because the original returns themselves are not submitted punctually. Government have thus no means of knowing the progress of collections from time to time. They therefore direct that in future simultaneously with the submission of the demand, collection and balance statements to the Revenue Commissioner, an abstract statement in the accompanying form giving the totals of demand, collection and balance under certain main heads of revenue be prepared and submitted direct to Government for each of the months of January to July in each year. The figures to be given in this abstract need only to be extracts from the main regular returns.

2. The Revenue Commissioner will, as usual review the demand, collection and balance statements received by him and continue to submit a copy of the review for the information of Government as early as possible within the prescribed date every month.

Letter No. 2714, dated the 2nd September 1912, from the Revenue Commissioner in Mysore, forwarding the statement of cattle mortality for the quarter ending the 30th June 1912, together with a copy of his review thereon :—

Revenue Commissioner's Official Memorandum No. 2705-13—2, dated 2nd—12th September 1912.

SUBJECT—

Statements showing the losses in cattle of various kinds received from the Deputy Commissioners of Districts for the quarter ending the 30th June 1912.

Recorded.

2. The accompanying consolidated statement shows the extent of cattle mortality in the State during the quarter ending 30th June 1912 as compared with the corresponding quarter of the previous year.

3. There was a decrease of 808 in the total mortality during the quarter under review, as compared with the corresponding quarter of the previous year, being 20,476 as against 21,284. What is more satisfactory to note is that there was a large decrease of 2,228 in the number of deaths due to sickness, the total under this head for the quarter under review being 7,059, and that for the corresponding quarter of the previous year being 9,387. This was due to the absence of any serious outbreak of cattle disease in the quarter under review.

READ—

The following letter No. 10270, dated the 17th June 1912, from the Conservator of Forests in Mysore, submitting his report on the auction sales of sandalwood held during November and December 1911 :—

I have the honour to submit my report on the auction sales of sandalwood for the year 1911-12.

2. The sales were commenced in the Shimoga District and continued in the other districts on the dates noted below :—

District	Koti	Date of sale
1	2	3
Shimoga	Tirthahalli	13th November 1911.
Do	Sagar	16th do
Do	Shimoga	20th do
Kadur	Tarikere	23rd April
Do	Chikmagalur	27th do
Hassan	Hassan	30th do
Bangalore	Bangalore	4th December 1911.
Mysore	Seringapatam	13th do
Do	Hunsur	16th do

3. The aggregate quantity of sandalwood exposed for sale in all the kotis was about 2,348 tons, and the whole was sold off in auction excepting a small balance of 24½ tons which was sold by tender subsequently. The kotiwar details are noted below :—

4. The attendance of bidders was good throughout, and the bidding keen except in the Sagar Koti. The sales were extremely satisfactory, and this fact is mainly to be attributed to the state of the sandalwood market in Europe. It is reported that the competition of our local merchant, Mr. Hassan Gunda Shetty, also greatly contributed to this result. It is gratifying to note that, as anticipated in last year's report, the depression which prevailed in the three previous years is at an end and the market has recovered its former level.

5. Compared with the figures of the past year, the quantity offered for sale was more by tons 143-6-55, while that actually sold exceeded by tons 151-7-13.

Proceedings of the Government of His Highness the Maharaja of Mysore,

6. The result of the sales during the current year as compared with that of the previous year at the several koties is shown in the subjoined statement :—

9. The quantity exposed for sale was slightly in excess of that of the previous year in all the districts, except Bangalore, while the all round average rate secured during the year exceeded that of the previous year by Rs. 63, and of the year preceding that by no less a sum than Rs. 126. This is a record price, barring that realized in 1906-07 and 1907-08. The highest average was realized in the Bangalore Koti, the next highest in the Mysore District, while Kadur, which in recent years had taken the first place, comes third. The Shimoga average has been affected to some extent by the Sagar Koti sales which always fetch low prices.

10. Messrs. Volkart Brothers of Tellicherry were, as usual, the largest buyers. Sowcar Gunda Setti largely increased his purchases, whilst Messrs. Peirce Leslie & Co., and Mr. Sorabji Nowroji have reduced theirs.

11. The average price for each class of wood in each koti realized during the year as compared with that of the previous year is shown in the following statement :—

Revenue (Forest), dated 27th September 1912.

13. There has been a rise in rates in all the classes, except China budh, the uses of which are limited. The most gratifying feature of the sale is the high rates commanded by Jajpokal, Milva chilta and Basola bukni which taken together form nearly half of the total out-put. The rates secured for Milwa chilta and Basola bukni are the highest on record, while that for Jajpokal, 1st class, has been exceeded twice and that for Jajpokal, 2nd class, only once.

14. Particulars as to various classes of wood sold, arranged in groupes according to quality during the current year and the previous year as well as the prices realized for them, are given in the subjoined statement:—

17. As usual, great care is being bestowed on the extraction and preparation of the wood and as in previous years the extraction was confined to over mature trees and ground-hidden roots. The labour involved, however, is very great as the search for such wood necessitates a detailed examination of the remote and inaccessible tracts.

18. The budget provision under Sandal for 1911-12 is Rs. 10,25,000 and the actual realization exceeds this by Rs. 2,29,155.

19. The koti at Shimoga has been completed and will be used for the storage of wood in the ensuing year. The koti at Hunsur requires extensive alterations, improvements and a new roof. The Public Works Department has been addressed in the matter; and it is hoped that funds will be provided for executing this urgent work in the ensuing year.

No. R. 1754-63—Ft. 35-11-4, dated Bangalore, 27th September 1912.

Order thereon.—Recorded.

2. The quantity of sandalwood exposed for sale was 2,348 tons 1 cwt. and 94 lbs. or about 143 tons more than in the previous year. The whole of this quantity was sold realizing Rs. 12,54,155-5-1, or Rs. 2,18,742-7-3 more than in the previous year.

3. Government observe that the rates obtained were very satisfactory. The average rate per ton realized during the year was Rs. 534 against Rs. 471 during the previous year and against Rs. 455 the average during the 10 years preceding 1910.

The following Subject No. 174 of the Proceedings of the Representative Assembly of 1911 and the reply of Government thereto.—

Subject No. 174

(*a*) Jambe wood to be excluded from the reserved class of trees.

(*a*) Mr. Puttannagowda, Tirthahalli Taluk

(*b*) Grant of "Jambe" wood under Malnad Raiyats' Rules

(*b*) Mr. Bhishah, Yedahalli Sub-Taluk.

Summary of discussion.—(*a*) As Jambe is the wood best suited for house building in the malnad, not being likely to be destroyed soon by white ants, it is prayed that it may be excluded from the reserved class of trees.

(*b*) "Jambe" tree may be included in the list of trees granted to malnad people under the rules prescribed for malnad raiyats' privileges.

Mr Pilkington.—The reason for its reservation was that there was great demand for it for Railway sleepers It is not used for such purposes now. The wood is very hard and cannot be easily sawn It is useful only for making poles. The original rate was only one rupee per cart-load.

Reply of Government.—The seigniorage will be restored to the old rate of one rupee per cart-load.

No. R. 1821-30—Ft. 178-11-2, DATED BANGALORE, 28TH SEPTEMBER 1912.

ORDER THEREON.—As it is represented that Jambe wood is indispensable for house building purposes in the malnad, Government are pleased to direct that, until further orders, raiyats in the malnad be allowed to obtain Jambe wood for building and agricultural purposes, under the conditions prescribed in Rule 9 of the Rules under Notification No. 7375—Ft. 164-04-9, dated 17th March 1909 (the Malnad Raiyats' Special Privileges Rules) at a favourable rate of seigniorage, *viz.*, Rupee One per cart-load.

2. Jambe wood will be added to the list of woods allowed under favourable rates in Rule 9 as in the notification below.

3. The Deputy Commissioners of Shimoga and Kadur Districts are requested to communicate this order of Government to the members of the Representative Assembly who mooted the question.

Subject No. 158 of the Proceedings of the Representative Assembly of 1911, bringing to the notice of Government that requisitions of raiyats for the removal of mature or dead sandal trees from their holdings are not promptly complied with, and requesting that instructions may be issued with a view to secure prompt compliance or that the occupants be permitted to remove and take the trees to the koti themselves.

2. Correspondence ending with letter No. 49, dated the 2nd July 1912, from the Conservator of Forests in Mysore, expressing his opinion on the representation.

No. R. 1811-20—Ft. 147-11-5, dated Bangalore, 28th September 1912.

Order thereon.—The Forest Department cannot undertake to remove any tree unless it satisfies the test prescribed in Government Order No. R. 7699-708—Ft. 13-05-17, dated the 25th March 1909.

2. In the case of dead trees (to which alone the extraction has been confined by the Forest Department for some years past) it is reported by the Conservator of Forests that no instance has come to notice in which extraction has been refused by Forest Officers on the application of occupants. The Conservator has no objection to allow the occupants to remove dead trees from their holdings and cart them to the koti, provided such removal is effected after the tree is marked by the Range Officer, and the wood is transported under a passport issued by him; and the Conservator reports that, should there be delay, in any case, in marking the tree or issuing the passport, it will receive proper attention if it is brought to the notice of himself or the Deputy Commissioner.

Government Order No. Fl. 981-1026—G. F. 408-06, dated 1st September 1911, reviewing the Comptroller's report in respect of the list of audit objections raised prior to 30th June 1906 and remaining unadjusted on 14th June 1911.

Letter No. 6557—1143, dated 3rd May 1912, from the Comptroller to the Government of Mysore, forwarding statements of objections raised prior to 30th June 1911 and outstanding on 31st October 1911.

No. Fl. 2282-91—G. F. 592-11-2, DATED BANGALORE, 24TH SEPTEMBER 1912.

ORDER THEREON.—The outstandings under the several heads of the objection books of the Comptroller's Office up to the end of 31st October 1911 were as follows (fractions of a rupee being omitted):—

Treasuries	Advances recoverable	Suspense	Items awaiting clearance	Service payments	Total
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs	Rs.
State Huzur Treasury	34,710	.....	5,609	107	40,727
Bangalore District	45,768	138	1,508	90,276	1,37,692
Kolar do	10,676	....	25,867	781	37,324
Tumkur do	13,764	.....	1,803	755	16,323
Shimoga do	2,275	....	3,912	577	6,764
Kadur do	3,798	....	12,935	139	16,873
Hassan do	3,349	....	2,720	958	6,128
Mysore do	31,776	739	19,526	1,490	53,532

It is ascertained that subsequent to the above date some old items aggregating Rs. 58,865 were adjusted as noted below:—

	Rs.
State Huzur Treasury	24,720
Tumkur District Treasury	1,136
Hassan District Treasury	1,274
Mysore District Treasury	31,734

The items remaining unadjusted in Bangalore and Mysore are still very heavy. The figure against the comparatively light district of Kolar is so high as Rs. 37,324 and the major portion of this with the exception of a small sum of Rs. 3,969 refers to 1909-10 and earlier years. Similarly though the amounts outstanding against the other districts are comparatively small, most of them are items more than two years old and this has to be considered as a very unsatisfactory feature. Government cannot too strongly impress on the officers concerned the imperative necessity of adjusting the items under objection with as little delay as possible and trust that better results may be attained in this direction by greater attention being paid by the audit and administration officers concerned.

The Comptroller should submit at an early date the report called for in para 2 of Government Order No. Fl. 981-1026—G. F. 408-06, dated 1st September 1911.

J. S. CHAKRAVARTI,
Financial Secretary.

READ—

Letter No. 334—C. S. 321, dated the 6th November 1911, from the Registrar of Co-operative Societies in Mysore, submitting the annual Report on the Administration of the Mysore Co-operative Societies Regulation, No. III of 1905, for the year ending with the 30th June 1911.

No. FL. 1182—B. 18-11-2, DATED BANGALORE, 19TH SEPTEMBER 1912.

ORDER THEREON.—Government have read with interest the sixth annual report on the working of the Mysore Co-operative Societies Regulation. The report is a satisfactory record of progress. The following table shows the advance of the co-operative movement in Mysore since the passing of the Regulation in 1905:—

Year	Number of Societies	Number of Members	Working capital in rupees	Total transactions in rupees	Reserve Fund in rupees
			Rs	Rs.	Rs.
1905-06	5	362	14,243	10,581	...
1906-07	13	1,191	28,085	78,216	167
1907-08	27	2,521	61,126	2,81,177	924
1908-09	15	1,551	1,35,499	1,81,768	2,310
1909-10 ...	70	6,101	2,16,261	6,68,261	5,881
1910-11 ...	111	9,043	3,71,194	10,31,767	9,549

2. It is clear from these figures that the co-operative movement has taken root. The rapidity with which new Societies are springing up, and the readiness with which fresh members are joining the movement are clear proofs of public interest in the co-operative movement. The facility with which the capital required for financing the Societies is raised from private resources, the deposits which they are attracting, and the provision which is being made towards building up a reserve fund, all testify to the sound management which generally obtains in the Societies, and of the confidence which they command from the public.

3. The great need of the agricultural community in the State being credit on reasonable terms, the bulk of the Societies in Mysore consists of rural banks, and no less than 90 out of the 111 Societies in the State supply their members with funds. But the Societies are not evenly distributed. The Districts of Mysore, Bangalore, Tumkur and Hassan contain most of the Societies, while the Districts of Chitaldrug, Shimoga and Kadur are still backward. There are a few stores and a few productive Societies which, however, are as yet neither important nor numerous enough to be considered a distinct side of the Co-operative movement. There is need for more central Co-operative Banks for the supply of capital to the rural Societies, and there is ample room for Agricultural Societies supplying seeds, manures, machinery and the like to their members. The time would appear to be ripe for the formation of urban Societies and productive Societies for the benefit of the poorer artizans. Under a suitable and well thought out scheme of industrial co-operation, a large number of people who are engaged in such trades as weaving, brass and metal working, sandalwood and ivory carving, basket making and the like would find a remedy for their present economic inefficiency.

4. The Government desire to place on record their appreciation of the satisfactory work done by Mr. M. Shama Rao, late Registrar of Co-operative Societies, in connection with the co-operative movement. Being associated with it from its inception, the difficult task of spreading a knowledge of the benefits of co-operation among the people and of overcoming their prejudices fell almost entirely on him. By his tact, energy and perseverance, he succeeded in laying the movement on sound and cautious lines, and the large measure of success which has been realised

is due chiefly to his efforts. His good work has been ably continued by Mr M. A. Narayana Iyengar, the present Registrar of Co-operative Societies. The thanks of Government are due also to Mr. M. Kantaraj Urs, Deputy Commissioner, Mysore District, for his great interest and sympathy in the movement. Government have noted with satisfaction the good services rendered by the various gentlemen, official and non-official, mentioned in the body of the report under review.

Order—No. 1105, Judicial, dated 10th July 1912.

Under section 544 of the Code of Criminal Procedure, the Governor in Council, with the previous sanction of the Government of India, is pleased to make the following rules for the payment of expenses to officials of the Mysore Durbar appearing as witnesses in their official capacity before criminal courts in this Presidency. The Government will be prepared to extend the concession to official witnesses of any other Native States which may be willing to reciprocate in respect of British official witnesses appearing before their courts :—

Rules for the payment of the expenses of complainants and witnesses attending criminal courts in the City of Madras.

Add the following as rule 17 :—

"17. Officials of the Mysore Durbar appearing as witnesses in their official capacity before courts in Madras City may, if such claim be made, be paid their expenses at the rates at which they would be entitled under the Regulations of their own Government. This arrangement may be extended by the Government to other Native States which have agreed to pay the expenses of British official witnesses from the Madras Presidency appearing in their courts on the same scale as that admissible to them under the Regulations of the Madras Government.

Rules for the payment of the expenses of complainants and witnesses attending criminal courts in the Madras Presidency outside the Presidency Town.

Add the following as rule 13 :—

"13. Officials of the Mysore Durbar appearing as witnesses in their official capacity before courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates at which they would be entitled under the Regulations of their own Government. This arrangement may be extended by the Government to other Native States which have agreed to pay the expenses of British official witnesses from the Madras Presidency appearing in their courts on the same scale as that admissible to them under the Regulations of the Madras Government."

NOTIFICATIONS.

I

Rules for the payment of the expenses of complainants and witnesses attending criminal courts in the City of Madras.

Under section 544 of the Code of Criminal Procedure, the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following revised rules for regulating the payment, on the part of Government, of the expenses of witnesses (including complainants) attending the criminal courts in the City of Madras :—

1. Subject to the provisions hereinafter contained, the expenses of witnesses will be paid on behalf of Government in the following classes of cases, *viz.*—

(*a*) Cases shown in the second schedule of the Code of Criminal Procedure as not bailable.

(*b*) Cases in which the prosecution is instituted or carried on under the orders or with the sanction of the Governor in Council or of any public servants acting as such.

(*c*) Where the witness in question has been compelled to attend by a process issued under section 540 of the Code.

(*d*) Cases in which the court certifies that the attendance of such witness was directly in furtherance of the interests of public justice.

2. (1) For the purposes of these rules, Europeans, Eurasians and Natives shall be divided into three classes, and the Magistrate before whom they are required to appear, or the Commissioner of Police or in the case of witnesses from the mufassal, the Magistrate of the district from which they come shall fix the class with due regard to the station in life of each individual.

(2) For the purposes of this rule, the Magistrate of the district may delegate his powers to any subordinate Magistrate.

3. The following are the maximum rates which may be awarded to the several classes of witnesses, and no expenses in excess of, or other than, those here provided for shall be allowed :—

Witness	Class	Subsistence allowance.	Carriage-hire allowable for days of actual attendance	Travelling expenses, if any, incurred		
				By rail	By road	By sea or canal.
Europeans and Eurasians	1st class.	5 rupees per day.	3 rupees per day.	1st class fare.	8 annas per mile.	Actual expenses of passage.
	2nd ,,	3 ,, ,,	2 ,, ,,	2nd class.	6 ,, ,,	
	3rd ,,	1½ ,, ,,	1 rupee ,,	3rd ,,	4 ,, ,,	
Natives	1st ,,	2 ,, ,,	2 rupees ,,	1st ,,	6 ,, ,,	
	2nd ,,	1 rupee ,,	1 rupee ,,	2nd ,,	2 ,, ,,	
	3rd ,,	5 annas ,,	*Nil.*	3rd ,,	2 ,, per 10 miles.	

4. All disbursements under these rules shall be made by the Commissioner of Police, to whom witnesses coming from the mufassal should report themselves on arrival at Madras.

5. Witnesses resident in the Presidency town will be entitled only to such actual expenses as they may show to the satisfaction of the Commissioner of Police that they have been obliged to incur in obedience to the process or order of the courts.

6. Witnesses sent from the mufassal will be furnished with a certificate by the despatching Magistrate showing the class to which they belong, the date of their departure, and the correct distances (if any) to be travelled by road; and unless such certificate is produced before the Commissioner of Police, that Officer may disallow all or any of the expenses claimed.

7. Mufassal Magistrates may make reasonable advances to witnesses summoned by the High Court or Presidency Magistrates and requiring such advances to enable them to reach Madras, but shall in every such case note the same on the certificate referred to in rule 6. The Commissioner of Police should also be advised of such advances, and he will refund the amount to the officer making the advance.

8. Whenever it is practicable for witnesses to travel by rail or steamer, they shall be allowed no more than the rates prescribed for those modes of conveyance.

9. Subsistence allowance may be paid for the days occupied in travelling to Madras as well as in the return journey. The subsistence allowance at Madras will cease as soon after the conclusion of the inquiry or trial as the means of quitting the town become available.

10. The expenses of witnesses will be paid on production of a certificate signed by the presiding Magistrate or in the case of the High Court by the Clerk of the Crown setting forth the inquiry or trial in which their attendance was required and the days on which they attended.

11. It shall be competent to the court before which a witness appears to disallow payment of any expenses on behalf of Government if for any cause such court thinks fit to do so.

12. The Commissioner of Police will disallow the whole or part of the expenses of any witness for the defence whose evidence may not seem to him to have been material, unless he is satisfied that such witness has been brought down to Madras against his will and that no compensation for his expenses has been paid or deposited by the defendant. This power does not extend to the case of a witness who has been examined and certified by the court or Magistrate to have been material.

13. In applying the foregoing rules to public servants to whom the Civil Service Regulations are applicable the following additional rules shall be observed : —

(1) When a public servant appears in any case under rule 1 to give evidence in his official capacity, that is, evidence of facts within his knowledge as an official, no payment shall be made to him, but the court will give him a certificate setting forth that he appeared to give evidence of what had come to his knowledge, or of matters with which he had to deal

Judicial and Legislative (Courts), dated 23rd September 1912.

in his official capacity, the dates on which he appeared and the period for which he was detained so as to enable him to draw travelling allowance and batta under Article 1133 of the Civil Service Regulations.

(2) When a public servant appears in his official capacity as a witness in a case which does not come under rule 1 (*e.g.*, in a case in which Section 244 (3) or 257, Code of Criminal Procedure, is applied), or when a public servant appears to give evidence in any case as a private person, travelling allowance and batta may be paid to him in the ordinary manner, but the court shall send an advice of all such payments made to him to the head of the office in which he is employed. In the advice this amount paid as batta and the period during which the attendance of the witness in court was necessary shall be stated.

(3) When an official of the Court of Wards appears in his official capacity as witness in a case connected with an estate under the superintendence of the Court of Wards, the Judge or Magistrate before whom the trial takes place will furnish such official with a certificate showing the days on which he attended to give evidence and the amount of batta and travelling allowance paid to him on that account.

(4) When a public servant whose emoluments are governed by the Army Regulations, India, appears in any case under rule 1 to give evidence in his official capacity, he shall be paid the travelling allowance and batta admissible under these rules, and shall be furnished with a certificate showing in detail the amount paid. If the amount paid is less than the amount admissible to him under the Military Rules to which he is subject, the difference will be paid to him by the military authorities on production of the certificate.

14. Medical subordinates in Local Fund or Municipal employ (including Government servants lent to, and paid by, local bodies) when attending court to give evidence in their public capacity shall be paid the same rates of travelling allowance and batta as would be admissible to Government servants of similar grades under the Civil Service Regulations.

15. Subjects of the French Government who are in the official employ of that Government in the French Dependencies in India appearing as witnesses before criminal courts in Madras City may, if such claim be made, be paid their expenses at the rates to which they are entitled under the Regulations of their own Government in like case. Magistrates are required to refer any claim under this rule for scrutiny to the Collector of South Arcot, who is the Special Political Agent for the French Dependencies in India.

16. Officials of the Government of Ceylon appearing as witnesses before courts in Madras City may, if such claim be made, be paid their expenses at the rates to which they are entitled under the Regulations of their own Government in like case. The claim should be submitted through the head of the department to which the official belongs.

17. Officials of the Mysore Durbar appearing as witnesses in their official capacity before courts in Madras City may, if such claim be made, be paid their expenses at the rates at which they would be entitled under the Regulations of their own Government. This arrangement may be extended by the Government to other Native States which have agreed to pay the expenses of British Official witnesses from the Madras Presidency appearing in their courts on the same scale as that admissible to them under the Regulations of the Madras Government.

II.

Rules for the payment of the expenses of complainants and witnesses attending criminal courts in the Madras Presidency outside the Presidency Town.

Under section 544 of the Code of Criminal Procedure, the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following revised rules for regulating the payment, on the part of Government, of the expenses of witnesses (including complainants) attending Criminal Courts in the Madras Presidency other than those of the City of Madras:—

1. The criminal courts are authorised to pay, at the rates specified in rule 4, the expenses of complainants and witnesses in cases in which the prosecution is instituted or carried on by, or under the orders, or with the sanction of the Government, or of any Judge, Magistrate, or other public officer, or when it shall appear to the Judge or Magistrate presiding over such court to be directly in furtherance of the interests of the public justice; also in cases entered in column 5 of Schedule II appended to the Code of Criminal Procedure as not bailable; and in all cases in which the witnesses are compelled to attend by a Magistrate under the provisions of Chapter XLVI of the Code.

2. (1) For the purpose of these rules witnesses are divided into two classes, namely, of officials and non-officials. Official witnesses, that is to say, public servants to whom the Civil Service Regulations are applicable summoned to give evidence as officials, are entitled to receive for their journeys to and from the court and for the days spent by them in attendance at the court to give evidence in cases coming under rule 1, travelling allowances at the rates

prescribed by the Civil Service Regulations for the time being in force. The court shall not, however, make any payment to official witnesses in such cases, but shall grant them certificates setting forth that they appeared to give evidence of what had come to their knowledge or of matters with which they had to deal, in their official capacity, the date on which they appeared and the period for which they are detained, so as to enable them to draw travelling allowance and batta under Article 1133 of the Civil Service Regulations.

(2) When a public servant appears in his official capacity as a witness in other cases (*e.g.*, in cases in which section 244 (3) or 257, Code of Criminal Procedure, is applied), or when a public servant appears to give evidence in any case as a private person, travelling allowance and batta may be paid to him in the ordinary manner, but the court shall send an advice of all such payments made to him to the head of the office in which he is employed. In this advice the amount paid as batta and the period during which the attendance of the witness in court was necessary shall be stated.

(3) When an official of the Court of Wards appears in his official capacity as a witness in a case connected with an estate under the superintendence of the Court of Wards, the Judge or Magistrate before whom the trial takes place will furnish such official with a certificate showing the days on which he attended to give evidence and the amount of batta and travelling allowance paid to him on that account.

(4) When a public servant whose emoluments are governed by the Army Regulations, India, appears in any case under rule 1 to give evidence in his official capacity, he shall be paid the travelling allowance and batta admissible under these rules, and shall be furnished with a certificate showing in detail the amount paid. If the amount paid is less than the amount admissible under the military rules to which he is subject, the difference will be paid to him by the military authorities on production of the certificate.

3. Medical subordinates in Local Fund or Municipal employ (including Government servants lent to and paid by local bodies) when attending court to give evidence in their public capacity shall be paid the same rates of travelling allowance and batta as would be admissible to Government servants of similar grades under the Civil Service Regulations.

4. Non-official witnesses are entitled to travelling allowances under two different scales as shown below according as they are (1) Europeans or East Indians, or (2) Natives. Persons falling under either of these descriptions are, for the purposes of these rules, divided into three classes; and the Judge or Magistrate before whom they are required to appear either as complainants or as witnesses shall be careful to fix the class with due regard to the station in life which they occupy—

	Europeans and East Indians			Natives		
	First class	Second class	Third class	First class	Second class	Third class
Travelling allowance—						
By rail	First-class fare	Second class fare	Third class fare	First-class fare	Second-class fare	Third-class fare
By road	As. 8 per mile	As. 4 per mile	As. 2 per mile	As 6 per mile	As. 2 per mile	3 pies per mile
By sea or canal ...	Actual expenses of passage			Actual expenses of passage		
Batta not to exceed ...	Rs. 3 *per diem*	Re. 1 *per diem*	As 8 *per diem*	Re. 1 *per diem*	As 8 *per diem*	As. 4 *per diem*

5. In cases within rule 1, the Commissioner of Police may make reasonable advances to witnesses resident in the City of Madras who are summoned by a criminal court in the mufassal and who require the advances to enable them to reach the court. The court issuing the summons, on being advised by the Commissioner of Police of the advances made, will refund the amount to him.

6. The distance for which mileage and the number of days for which batta should be allowed for the journey to and from the station at which the court is held and for attendance at court shall be determined by the Judge or Magistrate ordering the payment in each case.

7. All bills for travelling allowance and batta to complainants and witnesses attending before the courts of Magistrates of the second and the third classes shall be scrutinized by the Magistrate of the division in which such courts are situated before the charges included in them are finally passed.

8. Whenever a Magistrate dismisses a case as frivolous or vexatious under section 250 of the Code of Criminal Procedure, no travelling allowance or batta shall be granted to the complainant in such case.

Judicial and Legislative (Courts), dated 23rd September 1912.

9. The criminal courts are authorized to pay the necessary and actual expenses of carriage to a witness travelling by road, in the case of persons whose sickness, age, position or habits of life render it impossible for them to walk, provided the expense incurred under this rule shall in no case exceed As. 8 a mile.

10 To Natives and Europeans graded in the first class of non-officials, there may also be allowed the actual cost of carriage-hire to and from court on the days of attendance at court.

11. Subjects of the French Government who are in the official employ of that Government in the French Dependencies in India appearing as witnesses before criminal courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates to which they are entitled under the Regulations of their own Government in like case. Magistrates are required to refer any doubtful claim for scrutiny to the Collector of South Arcot who is the Special Political Agent for the French Dependencies in India.

12. Officials of the Government of Ceylon appearing as witnesses before criminal courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates to which they are entitled under the Regulations of their own Government in like case. The claim should be submitted through the head of the department to which the official belongs.

13. Officials of the Mysore Durbar appearing as witnesses in their official capacity before courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates at which they would be entitled under the Regulations of their own Government. This arrangement may be extended by the Government to other Native States which have agreed to pay the expenses of British official witnesses from the Madras Presidency appearing in their courts on the same scale as that admissible to them under the Regulations of the Madras Government.

Subject No. 44 of the Proceedings of the Dasara Representative Assembly of 1911, representing that the rule whereby parties are required to deposit fresh batta for witnesses, whether or not the batta previously deposited had been spent, works as a hardship, and asking that the Central Nazir may be directed to certify on each process whether the batta was or was not spent; and the reply of Government thereto that the matter will be referred to the Chief Court.

No. J. 969-70—CTS. 268-11-3, DATED BANGALORE, 28TH SEPTEMBER 1912.

ORDER THEREON.—On a reference to the Chief Court it is ascertained that under orders of the Chief Court issued in Circular No. 1201, dated 5th September 1910, the District Judge is required to see that when the Central Nazir reports the non-service of any process, he should add the words "batta in deposit" and that as a matter of fact the process Nazir does usually certify on the process whether the batta has or has not been expended. Government will be glad if this direction is now formally embodied in the Rule of Practice.

2. It is reported, however, that the Judges of the Chief Court are not hopeful that the arrangement suggested will effectually put a stop to the grievance complained of, and that the real remedy is to abolish "the present system under which two Nazirs are employed to do the work of one man." In regard to this Government will be prepared to consider any detailed and comprehensive proposals to reform the entire system which the Chief Court may see fit to send up.

Correspondence ending with letter No. 1203—124, dated the 26th September 1911, from the Inspector-General of Police in Mysore, regarding the levy of contribution from the Mining Companies towards the pension and leave allowances of Police officers and men lent to the Detective establishment maintained on the Kolar Gold Fields and the calculation towards pension of the services rendered in that establishment by persons who, originally employed in the establishment, have subsequently been transferred to the Police Department.

No. J. 814-17—POLICE 183-08-4, DATED BANGALORE, 20TH SEPTEMBER 1912.

ORDER THEREON.—The Detective Establishment on the Kolar Gold Fields was sanctioned temporarily in 1900, and the period of its continuance has been extended from time to time, the Mining Companies paying an annual contribution of Rs. 13,000 towards its maintenance. Its staff is made up of Police officers and men lent by the Police Department and men working on the establishment without holding any substantive appointment under Government. The Inspector-General has now raised two questions, namely, (1) whether contribution should not be levied from the Mining Companies towards the pension and leave allowances of officers and men lent to the establishment and (2) whether if persons originally employed in the Detective Establishment are transferred to the Police Department, their services on the establishment will count for pension.

Strictly viewed, the contribution payable under Article 265 of the Mysore Service Regulations has to be recovered from the Mining Companies in respect of Police officers and men transferred to that establishment from the year 1900 when the establishment was entertained. But as this question was not raised at the time, Government are prepared to waive their claim for contribution up to the beginning of the official year 1909-10. From that year the matter stands on a different footing and the Mining Companies have expressed their willingness to pay contribution towards pension and leave allowances and they state that the amount required for this purpose can be met from the yearly contribution of Rs. 13,000 made by them. It is reported by the Comptroller that it is not likely that the limit of Rs. 13,000 will be ordinarily exceeded if no addition is made to the existing strength of the establishment, but that a slight excess may occur in some years by the inclusion of this item. In these circumstances, Government direct that contribution towards leave allowances and pension of the officers and men lent to the Detective Establishment on the Kolar Gold Fields be levied from the Mining companies only from the year 1909-10 and onwards. This contribution should be levied on the pay the officers and men actually draw in the Detective Establishment and not on the pay of their substantive appointments in the Police Department. The Companies should be prepared to bear the extra amount that may be required in some years for this purpose.

As regards the other question, *viz.*, whether service on the establishment may be counted towards pension by persons who, originally employed on the Detective Establishment, are subsequently transferred to the Police Department, Government regret they cannot accord sanction to such a course as it is opposed to rules.

No. 2243-54—ML. 138-12-1, DATED BANGALORE, 11TH SEPTEMBER 1912.

ORDER THEREON.—The Comptroller who was consulted in regard to certain modifications of the present Municipal budget forms on the lines recently sanctioned in respect of the District Funds, is of opinion that the present budget statement E showing the rates at which taxes, tolls, etc., are levied, may be omitted as full and accurate information on these points is furnished in Appendix X of the Municipal Administration Reports, and he approves of the following modifications:—

(*a*) The details of establishments need not be entered in the expenditure statement.

(*b*) A new form may be prescribed for recording details of establishments once in every five years.

(*c*) A new form may be prescribed for showing details of medical charges, and

(*d*) A form may be prescribed for showing the variations in the scales of establishment.

2. Government approve of the above modifications and direct that the Municipal budgets be in future prepared in the accompanying Forms A to H, and submitted so as to reach the General and Revenue Secretariat not later than the 15th of April every year.

3. For purposes of reappropriations of sanctioned grants the Municipal heads of account to which the letters A, B, C, D, E, F and G are affixed will be deemed to be major heads.

4. The invested funds of the Municipalities should not be included in the opening and closing balances, but a detail of such funds, if any, as well as an account of the loans estimated to stand at the end of the year to which the budget relates should be given as a foot note to the budget.

5. The Comptroller suggests that in the present Municipal heads of account, some unnecessary sub-heads may be omitted. He is requested to report in detail the alterations he proposes to make in the Municipal heads of account.

Letter dated the 5th August 1912, from the Superintendent, Tata Silk Farm, Bangalore, reporting upon the success of the samples of Mysore Silk at the recent Exhibition held in London.

You will be interested in learning of the success of samples of Mysore Silk from the Tata Silk Farm at the recent London Exhibition, as per letter just to hand from the President of the Royal Silk Association, (F. Warner, Esq.,) who writes:—

"I duly received your letter which reached me at a time when I was so busily engaged "in connection with the Silk Exhibition recently held in London. I have been very interest- "ed in reading your letter and in examining the cocoons and skeins and woven silk of which "you so kindly sent me specimens.

"A bale of your silk was shown by Messrs. Durant & Co., in their case at the above- "mentioned Silk Exhibition *and it attracted the attention of many of the visitors to the "Exhibition including the King and Queen, and others of the Royal Family.*

"From enquiries I have made respecting your silk, I am inclined to think that there "should be a possibility of an increasing demand for it in European markets. Personally I "am more struck with its appearance in the Raw than in the thrown, and am therefore "inclined to think that if it were sent to Italy or France in the Raw state and thrown by "one of the best French or Italian throwsters that it would prove to be quite a good class "and serviceable silk."

Government Proceedings (P. W.) No. C. 13-19—84-90, dated the 12th October 1911, conveying sanction to the construction of the first stage of the Cauvery Reservoir and the Fourth Installation of the Cauvery Power Scheme.

2. Government Proceedings (P. W.) No 1027-33 A.—6586-92, dated the 7th August 1912, according sanction to the detailed estimate amounting to Rs. 81 lakhs for the Cauvery Reservoir Scheme, and directing that separate sanction be obtained to a detailed estimate for the Fourth Installation of the Cauvery Power Scheme.

3. Public Works Secretary's note dated the 12th August 1912, submitting a detailed estimate amounting to Rs. 9,32,794 for the Fourth Installation of the Cauvery Power Scheme prepared by the Chief Electrical Engineer to Government.

No. 377-82—C. P. S., DATED BANGALORE, 5TH SEPTEMBER 1912.

ORDER THEREON.—In Government Order dated the 7th August 1912, sanction was conveyed to the detailed estimate for the Cauvery Reservoir Scheme and to a lump sum estimate amounting to rupees eight lakhs for the Fourth Installation of the Cauvery Power Scheme.

2. In submitting the estimate for the Fourth Installation with his No. 386, dated the 31st January 1911, Mr. Gibbs, the then Chief Electrical Engineer, stated that it was more or less a lump sum one and that, on receipt of quotations from foreign firms, a revised and detailed estimate would be prepared.

3. The total amount of the estimate as revised is Rs. 14,83,494. The credit to be given for materials to be removed amounts to Rs. 5,50,700. The net amount of the revised estimate may, therefore, be taken at Rs. 9,32,794, involving an excess of Rs. 1,32,794 over the original estimate.

4. The estimate for the Fourth Installation includes rupees two-and-half lakhs for renewal of existing plant and if this amount is charged to the "Cauvery Power Scheme Depreciation Fund," the outlay required for the generation of additional power and for carrying out desirable improvements may be said to amount to rupees seven lakhs only.

5. With the foregoing remarks, Government are pleased to accord sanction to the detailed estimate amounting to Rs. 9,32,794 for the Fourth Installation of the Cauvery Power Scheme.

6. The proportion in which the amount is to be distributed between Capital and Revenue account may be hereafter settled in consultation with the Financial Department.

4	Fl 1070—21-12-2 ...	6	Comptroller ...	Conveys the approval of Government to Mr. B. Sreenivasengar, Assistant Comptroller, being trained in the Public Works and Railway system of accounts after the return of the two officers who are now on deputation.
5	Fl 1071—43-11-4 ...	6	Do ...	Records his letter No. 174, dated 10th July 1912, forwarding a statement of expenditure amounting to Rs. 1,999-2-0 incurred on account of temporary establishment out of the grant of Rs. 2,000 sanctioned.

Serial No.	Proceedings: Number	Date	To whom sent	Subject and Order
6	Fl 1094—562-11-3 ...	9	Dy. Comr., Mysore ...	With reference to his proposal that the provisions of Government Order No. Fl. 1894-934, dated 9th October 1909, *re* the grant of advances for house-building purposes may be extended to the Gundlupet town, states that the special rules referred to in the order in question are intended for big places like Bangalore and Mysore and that Government are not in favor of extending them to small towns like Gundlupet.
7	Fl 1098-101—40-12-1 ...	9	Comptr., Chief Engineer, Chairman, Mysore City Improvement Trust Board, President, City Municipal Council, Mysore	Directs the installation of a Jewel Filter and a Stand by Pumping plant for the Mysore City water works and allots a sum of Rs. 60,000 for the execution of the work in addition to the sum of Rs 50,000 provided in the current year's Public Works Budget, the additional amount being made available by curtailing the drainage grant of the Mysore Trust Board.
8	Fl 1107—341-11-9 ...	10	Lakshminarasimhasastri, son of Kasipathisastri, residing in Chamraj road, Mysore	In reply to his petition praying for the grant of a loan on the mortgage of his Inam village in the Heggaddevankote Taluk, states that Government regret that it is not possible to comply with his request.
9	Fl 1113—3-04 ...	11	Comptroller ...	Sanctions a bill for £69-4-0 on account of premium for insuring against all risks for £2,000 the marble statue of His Highness the late Maharaja of Mysore.
10	Fl 1121—34-12-2 ...	12	Excise Commissioner ...	With reference to his proposal for raising the amount under contingencies sub-head "office expenses" in the budget estimates of the Excise Department for 1912-13, states that it is misleading to take each sub-head of contingencies separately, as the classification in the Accounts Department may differ from that adopted by the Excise Commissioner and as moreover the Excise Commissioner has power to reappropriate from one sub-head of contingencies to another, that the proper thing to consider is the total amount under contingencies for the last three years from which it will be seen that the allotment for the current year follows closely the revised figures of last year and is more than the average for the three years and that, under these circumstances, there is no need to raise the figures as proposed.
11	Fl 1126—187-11 ...	12	Mr. D. Sitarama Rao, late Suptg. Engineer, residing in Shankarpur, Bangalore City	Conveys to him the thanks of Government for the trouble taken by him in the settlement of the affairs of the late Bakshi Mr. Basappaji Urs and places on record their appreciation of the satisfactory manner in which a difficult and delicate task has been accomplished by him.

14	Fl 2228-9—47-12-1 ...	21	Comptr. and Milv. Secy. to H. H. the Maharaja of Mysore	Sanctions the purchase of an Arab Stallion "Precious" for Rs. 8,000 for the Kunigal Stud Farm, with the observation that every endeavour should be made to keep the expenditure (inclusive of this item) in the Kunigal Farm within the limit of Rs. 55,000 provided in the budget of 1912-13.
15	Fl 2256—15-12-8 ...	23	Comptroller ...	Forwards for needful action two statements received from the Palace Controller showing a sum of Rs. 5,646-7-11 as having been paid out of Palace Funds, and requesting the adjustment of the same from Personal Estate accounts of His Highness the Yuvaraja and the late Maharaja Kumari.
16	Fl 2258—18-12-2 ...	23	Do ...	With reference to his proposal that an Assistant Comptroller may be appointed *ex-officio* Director of the Bangalore, Woollen, Cotton and Silk Mills instead of the Comptroller, states that, as the Director should be an officer of sufficiently high status, the Government do not consider it desirable to substitute an Assistant Comptroller as Director.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
17	Fl 2281—16-12-2 ...	24	Revenue Commissioner	With reference to his suggestion that the amount to be advanced for the purchase of motor cars may be raised to six months' salary with a maximum limit of Rs. 7,000, observes that the Government order recently passed has been adverse to the suggestion, that the districts in the Mysore State are comparitively small in size and in most places inaccessible by motor cars, which therefore can well be maintained only as an addition to a District Officer's full equipment of riding horse or horse or bullock conveyance necessary for slow and regular tours and that a motor bicycle without a side car is more likely to be useful in the way contemplated by the Revenue Commissioner than a motor car
18	Fl 2328—39-12-2 ...	27	Compiler, *Mysore Gazette*	Advertises for general information a Security of the Mysore five per cent Railway Debenture Loan of 1882 which was lost and in respect of which a duplicate one has been issued and subsequently discharged by payment of principal and interest due on the bond.
